Date

In response to many requests from members, the DTA Board has introduced the Affiliate member - Retired or Non-practicing. This membership category is by invitation and may be offered to Full Members of DTA who are retiring or ceasing their practice in the Diversional Therapy field. These members are encouraged to share their extensive knowledge with others who are still actively working in the field and to stay involved in DTA Network Groups, workshops and the newsletter long into their retirement. DTA highly values the enormous contributions of our retired members in the development of the profession and the history of the organisation.
