Supporting Documents

Supporting documents form the major part of the information considered by the DTA Course Recognition Panel. Include all course unit/subject/module outlines. One of the criteria for the recognition of a course is that clear links are made between supporting documentation provided by the applicant and the relevant parts of this application form.

Clearly number and label each document included as part of your application indicating the type of document and your course name.

Link the content of documents submitted with the relevant parts of this application form by inserting Part and Section numbers from the application form beside the relevant part in the document AND by entering the document number and page numbers beside each part and section of the application form in the space provided. All documents are to be submitted electronically to enquiries@diversionaltherapy.org.au and marked to the attention of the DTA Board.

Course overview

Provide details of each of the following:

1. The course provider's vision, values, philosophy and objectives as they relate to the provision of a course for people working at a Cert IV Level in the field of Diversional Therapy. *Attach document labelled as A1.*
2. Course structure including the list of Units/Modules/Subjects, together with their relative weighting in terms of credit points or percentage of total course, and the number of hours for each subject and the total course. *Attach document labelled as A2.*

Where subjects are taught in an integrated manner in the same time frame apportion the hours. eg. If *Introduction to Biology* and *Complex Needs of Individuals* are two subjects taught as a single integrated module for a total of fifteen hours then apportion the 15 hours to each subject to make a TOTAL of 15 hours (such as 9 hours and 6 hours).
