

## Recreational Activities Officer

Twilight Aged Care has a rich history of over 100 years, providing exceptional care to the people of northern Sydney. Our small home-like environments and highly collaborative teams make us unique as an organisation.

We put the resident at the centre of all we do and aim to meet individual resident needs, goals and preferences.

We seek a motivated individual with a passion for planning and delivering a quality activity program for elderly residents with differing needs and interests. We have a small team of passionate, energetic, caring people attuned to providing activities that meet resident preferences and needs. This position is likely to cover Sunday to Thursday in a Dementia specific wing – with flexibility to meet resident needs. If you have a genuine caring nature, are a team player and enjoy setting and achieving high standards of work, we would like to hear from you for a full time opportunity at our Glengarry home in Mosman.

### **ESSENTIAL:**

- Recognised qualifications such as B. Health Science (Leisure and Health or Therapeutic Recreation), or Certificate IV Leisure and Lifestyle or equivalent as recognised by the DRTA Board
- Relevant proven experience in a similar aged care setting ideally using the Montessori method with Dementia
- Current First Aid certificate
- A passion for working with the elderly and proven experience with residents with dementia
- Ability to work under limited supervision to deliver on expectations, both autonomously and as an active team member
- High level empathy, communication, interpersonal and active listening skills
- Excellent written and spoken English and telephone communication skills
- High level of customer service focus – putting the resident first and working effectively with staff, families and members of the public

The successful applicant will need to complete a Police clearance check before commencement and maintain it with renewal every three years. Evidence of the Right to Work in Australia is also a requirement.
